- 18 Conversion Tables**
- 19 Contact Us**
- 20 Terms of Business**

INTRODUCTION

We strongly advice you to read our terms of business

a) Filling In An Order Form

Please ensure that your name, address and telephone number are on your order form.

Please state any specific deadline you may have. Turnaround times given are only a guide and are subject to variation according to season. However, we do recognise the need, particularly with commercial work, for turnaround times to be maintained or even improved where necessary. Should you specify a particular deadline, wherever humanly possible we will oblige. It is essential that prior arrangement is made with Kolorkraft and that your required completion date be clearly stated on your order. **It may be necessary to add a surcharge for fast turnaround when we are working to capacity.**

Please ensure that the paper surface required is clearly shown. Where a paper surface is not specified we will use our discretion. Should our decision be unacceptable, we will not be held responsible and a charge for reprinting will be made at list price.

When ordering package deals please state the film format and number of exposures (e.g. 135/36 exposure or 120/12 on).

When ordering reprints please do not mix negative / transparency sizes on one order and always complete a separate order for black & white and digital services.

NB VERY IMPORTANT

Our analysing system recognises **FRAME NOS.** as a guide to which image is required for reprinting, **NOT NEGATIVE (EDGE) NOS.** It is of tremendous help to our printers if **FRAME NOS.** can be used and listed in numerical sequence. Frame Nos. are calculated by counting the number of exposures inclusive of any blanks or spoilt images e.g. A 12 exposure film will be numbered 1 - 12 inclusive of any blanks. We can accommodate other numbering and referencing systems e.g. Negative (Edge) Nos., however, it will be assumed unless otherwise clearly stated that Frame Nos. have been used. Should you use any numbering or identifying system other than Frame Nos. then it must be pointed out and clearly shown on all your order forms. Any need for reprinting as a result of unclear instructions will result in a further charge.

Please remember to sign your order.

b) Composition

Composition can cause problems so please read the following carefully. A machine print is a high quality fixed magnification print. Photographers are therefore requested to consider when composing their subjects that due to varying negative formats there may be a degree of cut-off on certain sized prints. Please note also that in order to prevent flare, printers are designed in such a way that we cannot print to the very edge of the negative, so allowances must be made for this cropping. Should you require any further assistance when considering these points please feel welcome to contact us. We will be glad to help.

c) Despatch - Postal Customers

A free-post service is available for work being sent **TO** Kolorkraft. We can provide mailing kits consisting of black light proof bags, order forms and free-post envelopes. Please ensure that your work is packed sufficiently to avoid damage during transit. The packaging provided is an aid only and is not guaranteed to provide adequate protection during delivery to Kolorkraft. Please ensure that the correct payment is sent with your order. You are advised not to send cash, but pay by cheque, postal order or credit card. Remember to add VAT at the current rate to the prices listed and to deduct any discount to which you may be entitled. In addition please enclose the following towards the return postage and packing of your completed order.

Digital Packages / Reprint Orders..... £2.00 plus vat per order
Package Deal Orders.....£0.70 plus vat per roll of film
Mini lab orders.....£0.70 plus vat per roll of film

**NB. WHERE A REPRINT ORDER INCLUDES A LARGE PRINT WHICH MUST BE PACKED INDEPENDENTLY OF THE REST OF THE ORDER PLEASE ENCLOSE A FURTHER £1.50 PLUS VAT.
DESPATCH AND PACKAGING OF MOUNTED PRINTS WILL BE CHARGED AT COST.**

Where any parcel weight is outside letter post, nominal parcel post will be used and charged at cost plus handling charge. Arrangements can be made for despatch by courier, special delivery, recorded delivery etc. all will be charged at cost plus packaging and handling charge plus vat

PLEASE READ OUR TERMS OF BUSINESS WITH REGARD TO LIABILITIES WHERE WORK IS TO BE DELIVERED TO AND DESPATCHED FROM KOLORKRAFT PRO IMAGING LTD BY A THIRD PARTY.

30x40	41.20	34.51	28.55	22.61	19.63	18.44	16.66	15.47

Price per print Excluding VAT

Digital file prices start from the 5+ section and then move down the pricing scale.

For longer runs or large orders please phone us for an individual quote.

Normal turnaround time - single-sized orders 3 working days

Add 1 extra day for each further size ordered

For Selective Enlargements and Digital Sharpening of Prints, please add 25% to above prices.

All prints will be on lustre paper, unless Gloss paper is specified. Gloss paper is available on most sizes at no extra cost. Any discrepancy arising from failure to specify a paper surface will result in a further charge for reprinting.

For precise colour-matching a sample print or colour match **MUST** be supplied. Any discrepancy arising from failure to do so will result in a further charge for reprinting. Although a close colour-match is often possible allowances must be made for variations in photographic materials from different manufacturers.

14 PHOTO REALISTIC EXHIBITION PRINTING

This service is available from your own files, or if you wish, those created by us.

We accept files from all popular Mac. / PC programs

Regarding fonts – Please include all Fonts used in artwork.

Regarding images - Please check links or picture usage for all files placed or imported into your documents and enclose these files.

Regarding scans - It would be preferable for them to be in RGB TIFF format, thereby reducing the need for extra work in photoshop.

For specific sizes please ask for a quotation.

20 TERMS OF BUSINESS

PRICE, PAYMENT & CREDIT ACCOUNT FACILITIES

The price payable by the client for work carried out by Kolorkraft shall be in accordance with the price list in operation at the time the order is placed. Kolorkraft reserves the right to amend the price list at any time without prior notice.

All prices listed are exclusive of VAT. The current rate of VAT will be added to all charges including postal charges as directed by H. M. Customs & Excise.

Wherever possible Kolorkraft will refrain from adding surcharges, however, where additional costs are incurred e.g. overtime payments to staff in order to complete an order by a given deadline, Kolorkraft reserves the right to make additional charges to the client.

Our normal terms of payment are payment on collection except for work which is to be despatched by post or courier when payment must be enclosed with order. Kolorkraft reserves the right to ask for cash with order from any client should it be deemed necessary.

Kolorkraft will consider applications for monthly credit facilities from clients on receipt of business & bank references. There will be a charge of £10.00 plus VAT per application in order to cover the administrative costs of running a credit check. Should the client be offered an account facility the £10.00 plus VAT will be credited to the newly opened account. Should the account facility be refused, no such reimbursement will be made. Account facilities are offered at the absolute discretion of Kolorkraft. Any amount payable not settled by the last day of the month following the month of invoice, will be subject to a 3% per month surcharge on the overdue sum. Kolorkraft will continually review account facilities with regard to the value of orders per month and the manner in which the client has conducted the account.

Any account overdue in excess of 60 days will be referred to the PMA credit reference scheme.

In the event of a cheque not being honoured on first representation, for whatever reason, Kolorkraft reserves the right to charge an administration fee for this and each subsequent representation of the cheque.

In the event of payment being deferred, Kolorkraft shall have the right to exercise a general lien on all materials belonging to the client until all sums due from the client have been paid in full.

PLACING ORDERS WITH KOLORKRAFT

The placement of an order with Kolorkraft and the acceptance of such an order therefore constitutes a contract subject to these Terms of Business.

Kolorkraft reserves the right to refuse to accept an order for whatever reason and in particular to refuse and/or destroy any materials where such materials are deemed to be obscene. Orders will not be accepted where they are deemed to be potentially libellous or contravening copyright laws or contrary to Kolorkraft's policy.

All orders shall be in writing either on a Kolorkraft order form or a clients headed paper or official order form. Orders must be signed by the client or anyone else within the client's organisation who is authorised to do so. Kolorkraft **MAY** accept oral instructions in certain circumstances, but request that written confirmation be forwarded as soon as possible. Kolorkraft will not accept liability for any error resulting from oral instructions which have not been confirmed in writing.

COPYRIGHT

Work accepted by Kolorkraft is on the specific understanding that under the 1988 Copyright and Patents Act the client undertakes that he/she has obtained the copyright release or licence for material submitted and will indemnify Kolorkraft against any breach of the law. An order accepted by Kolorkraft is on the understanding that the client assumes liability for any resulting violation of copyright in any action brought by a third party.

LIABILITY

Whilst taking every reasonable care to maintain high standards throughout Kolorkraft is unable to accept any liability in respect of loss or damage to the materials supplied. Any damages to which the client may be entitled for any claim whatsoever shall be restricted to the cost of replacement materials. Should the value of an order placed with Kolorkraft be substantially in excess of material costs, it shall be the clients responsibility to ensure that adequate insurance cover is obtained prior to commencement of such work. Kolorkraft will not be liable for any damage of loss of materials collected or delivered by a third party.

Where computer disks or other data storage devices are supplied to Kolorkraft, it shall be the client's responsibility to retain a master copy. Kolorkraft will not accept any liability for any costs of recovery, reinstatement or re-origination arising from material in Kolorkraft's possession being corrupted or lost in any way whatsoever.

Should an order be rejected by the client for whatever reason, Kolorkraft must be notified within 48 hours. All material relating to the rejected order, together with the associated paperwork must be returned to Kolorkraft as soon as practicable.

The client shall ensure that all artwork, sketches, specifications and copy instructions supplied by the client or the client's agent shall be legible, accurate and unambiguous. The client shall indemnify Kolorkraft against any resulting loss or claim in respect of any ineligibility, inaccuracy or ambiguity.

Should completion of an order be delayed for any reason whatsoever Kolorkraft shall not be liable to the client or any third party for losses arising from the delay.

All sizes quoted are approximate. Should dimensions be critical it is the client's responsibility to inform Kolorkraft in writing at the time the order is placed.

The client accepts that colour rendition is subjective. Work which is returned on the grounds of individual colour taste will be charged again at list prices if found to be within Kolorkraft's acceptability limits. Should the client require accurate colour matching, a colour sample must be supplied upon placement of order. Kolorkraft will endeavour to colour-match to a given sample. The client will accept that a 100% colour match is not always possible given the variations in equipment and materials used.

INDEMNITY

The client shall indemnify Kolorkraft against all third party actions, costs, damages, losses and other claims of whatever nature arising out of the execution of the order in accordance with the client's instructions.

DELIVERY

Delivery will normally be by first class letter post, Kolorkraft's delivery drivers or any other courier or delivery service at either Kolorkraft's discretion or as instructed in writing by the client. Postal / packing and delivery charges are detailed in the Introduction section of this price list. Kolorkraft reserves the right to alter these charges at any time without notice.

NOTES:
